The Kavery Engineering College | 2023 – Present | Expected Graduation: 2027 | GPA: 7.50/10

### Higher Secondary Certificate (HSC)

Government boys Higher Secondary School, | State Board | 2023 | 60%

## TECHNICAL SKILLS

**Programming Languages:** Python, Java

**Databases:** MongoDB, MySQL

**Tools & Platforms:** GitHub, VS Code

## PROJECTS

### Vehicle Service Management System

- Developed a vehicle service management system to streamline customer, vehicle, service, and billing information.
- Implemented features for customer registration, vehicle details, service booking, service-status tracking, and billing.
- Designed an easy-to-use interface for service staff to manage service requests and update vehicle status.
- Improved the overall organization of vehicle servicing operations by reducing manual record-keeping.

## INTERNSHIP EXPERIENCE

### Python Intern

DEV Technology Solutions | Jun 2026 – Jul 2026

- Developed and maintained Python programs to automate basic tasks and improve application functionality.
- Worked with Python, SQL, and database operations to create and manage application data.
- Learned Python programming concepts, including functions, file handling, and exception handling.

### Linux Intern

SLMV Sphere Technologies private Limited | Dec 2025 – Jan2026

- Linux command-line operations and file system management.
- User management, file permissions, and process management.
- Bash scripting, SSH, and basic system troubleshooting.
